Topics Discussed:

1. We started the discussion with a brief summary of the tasks that we had to complete this week and the upcoming weeks.
2. We continued the discussion related to the diagrams and the code of the project.
3. For the rest of the meeting, we discussed what framework would be the best and easiest to use and we came to the conclusion that it is best to work using PHP. We shared and discussed important aspects of each of the topics and mutually agreed upon each task.

Decisions Made:

1. We decided to revise the activity diagrams and to work again on state diagrams.
2. We decided to work on the remaining diagrams as well (sequence diagrams, collaboration diagrams).

3. We decided to discuss arising questions related to the schemas by Whatsapp in order to achieve consensus in ambiguous situations.
4. We decided to start working on the front-end aspect of the code.

Tasks Assigned:

1. We assigned the completion of State Diagrams to Denado and Denisa.
2. We assigned the completion of DFD Diagrams to Devid.
3. We assigned the completion of Sequence Diagrams and Collaboration Diagrams to Armela and Denado.
4. We assigned Denisa and Aniledio to work on the Login page and Doctor Dashboard respectively.
